TEXWRAP INTRODUCES NEW 2 BELT PNEUMATIC SIDE SEAL SYSTEM

APRIL 29, 2009 – WASHINGTON, MO- TEXWRAP INTRODUCES NEW 2-BELT PNEUMATIC SIDE SEAL SYSTEM.

The TEXWRAP Model 2010 2-Belt Side Seal with pneumatic head is a compact wrapper with big capacity, capable of running a variety of product sizes from a deck of cards to a bundle of wood flooring. Maximum package size is 10H” x 20”W x infinite length; maximum film speed is one hundred feet per minute.

The 2010 has built-in flexibility and can run with a variety of infeed configurations. The color touchscreen with set-up product memory, machine diagnostics and “Tool-less” changeover make this machine user friendly. This machine also comes standard with “UHS” Texwrap side seal, bolt on film folder, upstream/downstream handshaking and a quick connect cable system for easy addition of other equipment.

Texwrap is a quality manufacturer of fully automatic shrink wrap packaging equipment including wrappers, conveyors, shrink tunnels and integration.
